

MINISTRY FOCUS.....

MONEY COUNTING

Money Counting is a ministry comprised of about 25 dedicated people who come in weekly on a rotating schedule to count the collection offerings given. They come in early on Monday mornings to count and total up the adult and children's offerings.

In speaking to one group of money counters, they were asked how they became involved. One of the answers was that a former parishioner had asked them. The same parishioner was named a few different times for asking people to become involved in ministries. Another common response was that this was a way that people could give back to their parish.

Anyone wishing to become involved in this ministry as a money counter may contact Mary & Earl Anderson at 246-4732.
